Subject: New State Declared Counties - Milam, San Augustine (no NPL)
Date: Friday, September 15, 2017 10:16:54 AM

Morning, Steve!

I saw that Gov. Abbott added Milam and San Augustine counties to the State list of declared counties for Harvey.

Do you know if these have been/might be accepted as Federally Declared?

They aren't listed on the FEMA page in an amendment.

There are not NPL sites in these counties. Whew.

I just wanted to give Katrina Coltrain an update.

Thank you for checking or doing some mind reading! ☺
